ADVISOR'S OVERTIME EARN'S DEDICATION

Dedication of a yearbook, like the dedication of any book, is given to a person who has most helped create the final product. With this idea in mind, we dedicate the 1984 CASCADIAN to Mr. Walt R. Snover.

Mr. Snover is the type of person who gives his all in every situation placed before him. Mr. Snover began showing leadership abilities early in life when he took on the responsibility of Student Body President of Mt. Tahoma High School in 1966. During his tenure at Mt. Tahoma, Mr. Snover was Sports Editor on the school newspaper, and upon graduation, he knew that journalistic communication would be his goal.

Mr. Snover worked his way through college, attending Tacoma Community College, Western Washington University, and the University of Washington - his alma mater.

His talents and abilities did not go unnoticed. During his two year stint in the Army, Mr. Snover worked at the Pentagon as a communications expert, and in 1978, he was honored with a summer scholarship to the prestigious Brooks Institute in Santa Barbara, California.

The State of Washington has also taken note of Mr. Snover's talents; he is continually asked to speak at state conventions on journalism, and having been President of the Washington Journalism Education Association, he has given numerous communication workshops.

Mr. Snover's interests do not end with his career. His interest and support of soccer is well-known. He is a state-qualified/rated referee, and is a goal judge for the Tacoma Stars, the first soccer team in the Tacoma Dome. He coached here at EHS in 1977, lead-

ing the JV boys soccer team to two undefeated seasons.

Mr. Snover is dedicated to sports. This year he coached the women's JV volleyball squad to a league championship.

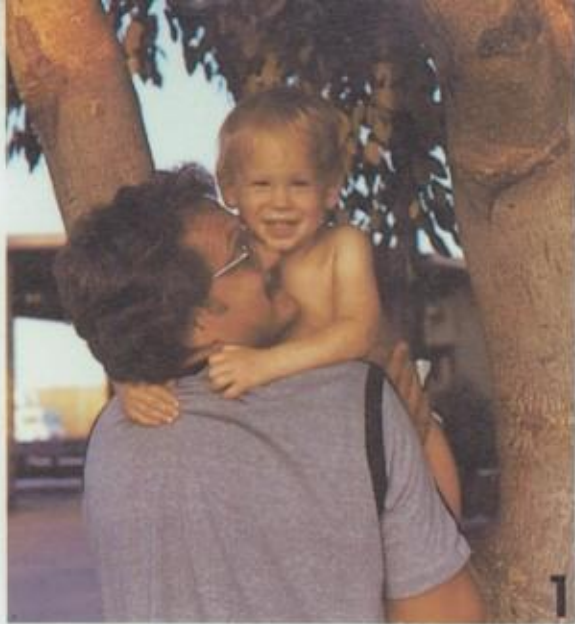

Mr. Snover is a devoted family man. He and his wife, Bonnie, along with their three children look forward to the events they share: camping, soccer, sight-seeing, volleyball, and more. Mr. Snover's children Heather, 12; Wally, 9; and Galen, 3; look forward to the time they spend together, and now that baby number four is on its way (due in April), the family is even closer.

Mr. Snover is dedicated, not only to his family, his career, and himself, but to living. He's a man we're lucky to have, and we can only hope that this dedication to him begins to say "Thank You."

Your Staff

1. While on vacation in California, Mr. Snover demonstrates his love and affection for his son, Gaylen.
2. Besides all of his school activities, Mr. Snover still finds the time to participate on a summer baseball team.
3. Beaming with the happiness of a newly married couple, Mr. and Mrs. Snover look forward to many happy years together.
4. Spending a Sunday afternoon at home, Mr. Snover and his two children, Heather and Wally, relax and enjoy each other's company.
5. Early in life, Mr. Snover did not yet know what life was to bring.

LIGHTS... CAMERA... ACTION!

People often wonder why something was done the way it was done in their yearbook. This reason is the "theme." The main reason for a theme in a yearbook is to tie the entire book together around one main idea.

The theme of this yearbook is "Lights...Camera...Action!" "Lights" (as in the highlights) are the most memorable events of our year. "Camera" is how we viewed everything or how it was captured on film and the people or the performance make up the "Action."

Our 216 page yearbook is divided into eight major sections called scenes. Opening scene of our book is the division "Fast Times at Enumclaw High." In this scene are student life and Homecoming, showing the fun times we all shared during the year.

The second scene is "Directors and Producers." In this section is the School Board, administration, faculty, and staff that manage our school.

Third is "The Stars" (or Senior Class) and fourth is the "Supporting

Cast" who make up the remainder of our student body.

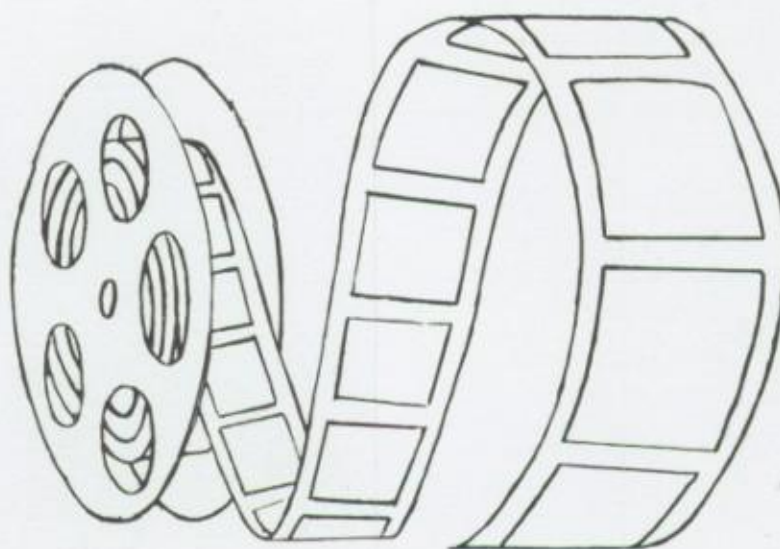

"Special Effects" contains the club and organizations that add that special touch to our school. "The Main Event" contains all major events during the year including graduation.

Sports are contained in "The Champs" scene and the final division is "Credits." This is where all credit is given to the people who helped the book with contributions as well as the ones who put out the time and effort to make this book possible.

Carrying out the theme on every page is our headline style that represents the film industry or Broadway. The cover expresses the theme with a movie reel, as well as one of our school colors, maroon.

We, the editors, chose this theme because we felt we could make it work throughout the entire book and create a book everyone will give good "reviews" about.

Remember, 1984 is the movie and you are the stars.

'A STAR IS BORN'

The candidates were on cue as the lights dimmed beginning the coronation ceremony. Coronation began with the introduction of the excited but nervous nominees. They were introduced to the anxious crowd by the master and mistress of ceremonies, Chris Boesche and Nancy Caviezel.

The court consisted of Nan Barnes, Mike Stergion, Andrea Bernadelli, Tom Schlotfeldt, Rob Pedrini, Melissa Davis, Mike Dowling, Diana Dickson and Dane Stookey. Each were judged on their response to the question, "What are the qualities you most admire in a person?" Their performance

while dining with the judges at the ceremonial dinner and their involvement in the school and community were also items the judges noted.

Speakers from The Class of 1958 entertained the audience with their remembrances of their times at EHS and the Swing Choir sang until the judges returned with their final decision. Chosen to reign over Homecoming as king and queen were Rob Pedrini and Diana Dickson. After accepting the honor, Rob Pedrini commented, "I feel all people should get to be king, we all deserve it equally."

Coronation 11

'FLASHDANCE'

Homecoming 1983 was centered around the theme "Sweet Dreams."

This year the annual festivities began with two spirit days, fairy tale day on Tuesday and on Thursday clash day. A traditional pep assembly was held on Thursday and because Enumclaw had won the Associated Student Body Card competition, Tahoma High School's ASB Officers participated in the assembly and enthusiasm was generated due to the fact that there was no school on Friday allowing the

classes the entire day to work on their floats.

Once again, the students and townspeople gathered in the main street of Enumclaw to watch the parade. In the float competition the seniors were awarded for their hard work and organization by winning 1st place and the \$100 prize. The football game later that night was attended by many "psyched" fans who rooted the Hornets on to win over Mt. Si in a 13-6 victory. The usual halftime

parade featured the floats of the parade and the Class of 1958 was honored.

Saturday evening's dance drew a large crowd to the event which brought Homecoming to a close. The crowd danced to the sounds of "The Machine," a popular Northwest band which kept the audience entertained and brought Homecoming to a memorable end.

1. Juniors Karen Lucas, Krista Neilson, Kristine Nelson, Krissy Huffman and Julie Burnett ride through town in the parade.

PRODUCERS MAKE ACTION

Behind the scenes and without much recognition is the backbone of the school, the administration. The administration is made up of a variety of people, all striving to make the school year successful.

At the head of the group is Mr. Thomas Poe who is in his 17th year as superintendent. Along with the School Board, Mr. Poe and

his assistants help set the budget and procedures for the school district. The School Board itself went through some changes with elections occurring on November 8. Mr. Fred Vinton and Dr. Dan Ryning became new members of the board.

In his third year, Principal Conrad Hamilton is the chief administrator at EHS and looks to Mrs.

Lea Anna Portmann and Mr. Alex Wasisco to help out all vice principals.

Mr. Shelly Thiel guides the student government and activities schedule and Mr. Wes Borreson takes charge of the athletic program.

MUSIC AND ARTS TAKE FLIGHT

Music and art classes were in full swing by the end of September.

Mr. Bob Estby and his choirs were in harmony at their concerts while the band under Mr. Wayne Brown was always at the football and basketball games to perform their skills when

not in formal concert or competing in contests with other high schools.

In the art department, Ms. Sandy Merriman, who also served as the head of the department, was aided by the artistic talents of Ms. Sylvia Neth and Mr. Mike Bathum.

German, French and Spanish also could be studied as second languages.

PAST, FUTURE EXPLORED

Social studies is concerned with man and society. Learning to live with others is an area of life covered in class by the social studies teachers. Man is a social being who decides what he will do and usually he does not act exactly the same way twice.

The social studies classes involved are US history, freshman social studies, Washington state

history, world history honors, contemporary problems, government and geography.

Social studies teachers try to make their own interests apply to their classroom lessons. These teachers try to make the classes more interesting through personal involvement. The department

chairman is Mr. Tom Goff.

Combined with such elective offerings as Russian

history, psychology and family life, the Social Studies Department provided a broad spectrum of courses for the students of EHS.

The teachers used a variety of instructional strategies to get across their messages. Everything from the typical lecture format to role playing situations, trial recreations, and guest speakers were used.

SCIENCE DISCOVERS LIFE

Dealing with a group of facts arranged in an orderly fashion and showing how general laws apply to these facts keeps the science teachers busy finding new ways to teach their subjects. These subjects include earth science, current science, health, human anatomy, biology, chemistry, and integrated science.

under the direction of Mr. Phil Poppleton, make their classrooms interesting by offering labs, experiments, and individualized assignments for their students. A biology research seminar offered by the department was a successful approach for students with science interests.

These teachers obviously are interesting people. They enjoy their work and

make the most of their spare time.

With the help of such teachers as Mr. Poppleton, Mr. Ben Dacus, Mr. John Belcher, Mr. Larry Langen, and Mr. Stan Goffe, students were able to take a scientific look at the world around them.

The scientists of tomorrow learned the basics of theory in order to discover on their own.

PE TEACHERS ARE CAUGHT IN ACTION

Enumclaw High can be proud of a fine physical education program that offers everything from soccer, basketball, flag football, floor hockey, and other team sports to the individual programs such as weightlifting, body conditioning, and gymnastics.

With Department Chairman Shelly Thiel at the helm, the teachers in the PE area have been able to introduce the students to physical activities that help develop healthy bodies and teach them about team play and sportsmanship on the athletic field.

VOCATIONAL SKILL TAKES PATIENCE

Industrial arts and vocational classes cover a wide area. There is lots of room for students to excell in such subjects as home economics, autoshop, woodshop, metals, technical drawing, agriculture, and horticulture.

These are some of the classes at school with an open atmosphere, allowing the students to choose the projects they want to complete. In this way the students have fun and still learn a lot, notes Department Head Chuck Owen. "It's neat to have the kids make a good product."

MATH AND BUSINESS ADD UP

Math and business are two of the most useful and fascinating divisions of human knowledge. Math helps in many important areas of study and is used to solve some of the most perplexing problems of the mind while business, on the other hand, helps people grow by teaching them new skills which will some day help them in finding and keeping a job.

Guiding the department is Mr. Lyle Becker.

General math, algebra 1-2, geometry, diversified occupations, computer science, family life, typing 1-2, math analysis, production typing, accounting, business communications, introduction to business, pre-calculus, personal typing, business law, and computer literacy are the branches of mathematics and

business taught at EHS.

A new addition to the course offerings this year was presented by first year teacher Mr. Andy Richey who taught a basic class in computers to students in their second quarter of drivers education. A room was built to house the course in the library. Students were given a "hands-on" look at the world of computers.

SERVICES MAINTAIN EHS

Receiving very little recognition but important to EHS everyday are the people who help with the service related activities around the school. The janitors, secretaries, library staff, teaching aides, bus drivers and cafeteria

workers all made sure that the day went a little smoother for everyone.

Special importance was added to the help of the janitors this year as a freak winter storm with extreme cold and unbelievable winds sent roofs

flying and pipes bursting in Enumclaw in December. The janitorial staff under the direction of Mr. Tilman Knutson worked long hours to see that the school was both warm and dry.

Ms. Nancy Tapp joined the staff as head librarian.

PARENTAL GUIDANCE USED

"Can I borrow the car keys and maybe some money to go along with them?" "How late can I stay out tonight?" "Do I have to go to school today?" "Why?" "Mom, when will dinner be ready?"

Are these familiar questions you ask of your parents? If so, you behave like an average senior. Even if you do not always agree with the answers now, eventually the benefits of

their advice will pay off.

Where have you heard that before? From your parents of course!

Parents are the wonderful people ever present when you need them and even when you don't. They support us in all of our activities, ranging from freezing in the stands at a football game to handing over their last dollar to pay for our gas. Without the senior parents, who would chaper-

one those rock dances and where would the Parent's Fund for the classes' end of the year senior activities be?

The graduating Class of 1984 presents this prestigious Senior Dedication of the CASCADIAN to our "awesome" parents to show our appreciation for everything that they have done; not only during our senior year, but all through our lives.

1. The parents of senior students fill the college prep English room at open house to listen to Mrs. Franchini and Mrs. Avey explain what is in store for the seniors this year.

2. Mrs. Lola Pedrini, busy helping the Senior Class, sorts through the many hundreds of community calendars that were sold for senior party funds.

3. All of the high school sports are heartily supported by dedicated senior parents such as Mr. and Mrs. Ronald May.

4. Mr. and Mrs. Albert Guidetti, along with Mr. Gus Gustafson, intently watch their daughters play at a varsity girls' basketball game.

Senior Class officers: Janet Guidetti, secretary; Erik Flint, vice president; Janelle Kovash, historian; Rob Pedrini, president, and Mark Knight, treasurer.

Senior Class Advisors: Mr. Ken Hughes, Mrs. Beverly Baker, and Mr. Gary Radliff.

SENIORS CLOSE SHOW

As the lights dim and the film rolls to an end, we recapture the scenes of our final and greatest year.

Our debut took place on the first day of school as we dressed Hawaiian and showed our spirit at the opening assembly.

Next, we involved ourselves in calendar sales, carwashes, and the selling of firewood. The football games were the center of our Friday evenings, especially when the Senior Class President led us in chants and cheers. After the home games, the whole crew would gather at the local hangout, "Pizza Hut."

Soon, the highlight of the football season arrived. . . . HOMECOMING!

Queen Diana Dickson and King Rob Pedrini reigned over the week's festivities and the senior float captured 1st place in the parade competition, setting the stage for the game and dance.

Thoughts of our future plans began to emerge as we attended college conferences, turned all our applications in, and waited for the reply. Some of us drew up our occupational talent to develop our skills for future use.

Locker races, deposits of "wonderful animals" and making freshmen walk lines of tape came to single out Senior Locker Bay as our own. High tops, Polo and Oxford shirts, and com-

fortable Levis clothed us from day to day.

Our last act contained the unforgettable experiences of every graduate, Senior Tea, Senior Awards, Baccalaureate, and our most enchanted evening. . . .

SENIOR BALL. Finally it arrived, our grand finale, GRADUATION! Sitting in caps and gowns as the curtain falls and we take our final bows, we realize our high school years have come to an end. Even though Act One is over, we know many are yet to follow. However many miles may separate us in our hearts, we will always remember ourselves as one of the members of the great Enumclaw High School Class of 1984.

ACTION FLYS, SENIORS RISE

"Eighty-four!, Eighty - four!," the familiar cry that could be heard as projected from the senior section at the first pep assembly.

The pep assemblies were only one of the many outlets for the seniors' pent-up energy. Chicken fights, hockey matches, and volleyball games occupied

many of our spare moments. Because so many seniors participated in these activities, the underclassmen always were kept entertained at lunch.

FLOAT FIRST IN CONTEST

The seniors' dreams were certainly sweet after they captured the 1st place trophy in the homecoming parade. Many hours were dedicated to the construc-

tion of the float.

The float consisted of the "Golden Trophy" displayed by an array of various athletes.

Their enthusiasm caught

the judges' eyes as it progressed past the spectators. This achievement became only one of many the seniors had this year.

In Memory of Michael Kleitz and Shelly Everett

*Gentle Savior, please look down;
There's someone at your side-
A small bewildered child
Who needs you as his guide.*

*You'll know he's our friend if his smile
Could melt a heart of stone;
He's lost for he has never
In his short life been alone.*

*There was no stain on his soul,
No hatred and no fear;
You must have loved him even more
Than we who mourn him here.*

*When night time falls, could you tuck him in
And help him with his prayers?
I'd give so much to hear once more
His footsteps on the stairs.*

*Please kiss his silky brows sometimes,
and give him joy and peace;
The glow he brought to all our lives
Will never, ever cease.*

CHANGE IMPROVES SCENE

Adding extra energy to the newly remodeled "Career Center" is a very helpful and caring staff. Students can find Mrs. Sharon Tyler keeping all records organized while Mrs. Bev Baker, Mr. Ken Hughes, and Mr. Gary Radliff are always busy helping students,

parents, and faculty.

The Career Center has many new additions including a computer and printer used for career research. With the new computer, students now can have even more information to help them decide their future plans. All they

have to do is check with Mrs. Tyler. The counselors hope to have more software by the beginning of the next school year in order to fill the growing needs of students on campus.

The Class of 1983 donated new furniture which adds to the center's atmosphere.

JUNIOR CLASS AIMS HIGHER

Pride is a word that all of this year's juniors are discovering as they come one step closer to the finale of their high school career and cross over from underclassmen to upper-classmen with style.

The whole class showed great spirit when their entry into the Homecoming float competition impressively cameback from a 4th place last year to take 2nd in this year's parade. The float was decorated with a rainbow over a pot of gold and palm trees to either side. There were also goal posts with a Mt. Si. Wildcat hanging down and a scoreboard displaying the

score 85-0.

Moneymaking took a major part in planning the year's activities. The year was kicked off with a very successful calendar sale. The colorful calendars, which came with anything from a jogging teddy bear to a flying motorcycle on them, helped to bring in about \$1,000. The Christmas dance featuring Omega was also a good moneymaker bringing in about \$400-\$450. Then in the spring the juniors held a silent auction. The items auctioned off were donated by the community.

The class leaders were: Jill Hersberger, president;

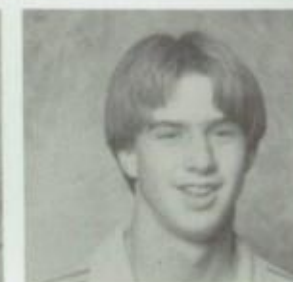

Tiare Houk, vice president; Kim Gregg, secretary; and Laura Westlund, treasurer.

Advisors Mrs. Carol Lobdell and Ms. Pat Avey helped to make this year the best it could be.

"I think we had a great class that supported us and they were a lot of fun to work with," noted Westlund.

All of the juniors worked together and made it a good year and next year will also be as they ready themselves to take on the responsibilities and prepare themselves to be the Enumclaw High School Class of 1985.

Only one year to go for the Class of 1985!

SOPHOMORES GET ONE STEP CLOSER

This school year for the Class of 1986 was very exciting as well as successful. Their sophomore year was lead by the outstanding work, and responsibility of their officers. Leading them through the 1983-84 school year were: Maureen Bernadelli, president; Marti Sleigh, vice president; Dawn Fitzpatrick, secretary; and Julie Fox, treasurer.

In the fall, the class officers along with their advisors, organized the sale of Bike's candy bars. There were four different kinds which offered a good selection. The sale proved to be very successful as the class sold \$4800 worth of candy bars at 50 cents each.

The Sophomore Class Advisors, Ms. Bee Evans and Mrs. Diane Franchini, helped the class a lot by getting activities and money raisers off the ground. The class part-

icipated in the class competitions held this year, including the homecoming float competition.

"A lot of people helped out on our float, and in supporting all of our class projects," noted Sleigh.

According to President Bernadelli, it was a really good year for the entire Sophomore Class. "With the help of our advisors, I think we all really worked well together and made this a fun and very profitable year for the class. All of us are looking forward to our junior year!"

On February 3, the class sponsored a dance after the basketball game. The band that performed was "White Lightning" which suited the EHS students taste just fine.

After a very successful year, the class hopes to be as successful, and continue their good work until they graduate.

It's on to 1986 for the Sophomore Class!

FRESHMEN MAKE BIG DEBUT

As the 1983-1984 year began the Class of 1987 started its first year of high school. Their introduction to the school was orientation which was held on August 30. They were given a tour around the school and shown the different buildings.

As the term began, they were involved in some new procedures. There were only six classes instead of seven as they had at the junior high. Also new to them was the 10 minute break and open lunch where they could eat outside.

Leading the frosh class throughout the school year were: Chris Decker,

president; Sherry Weise, vice president; Carrie Behrbaum, secretary; and Julie Sostrom, treasurer.

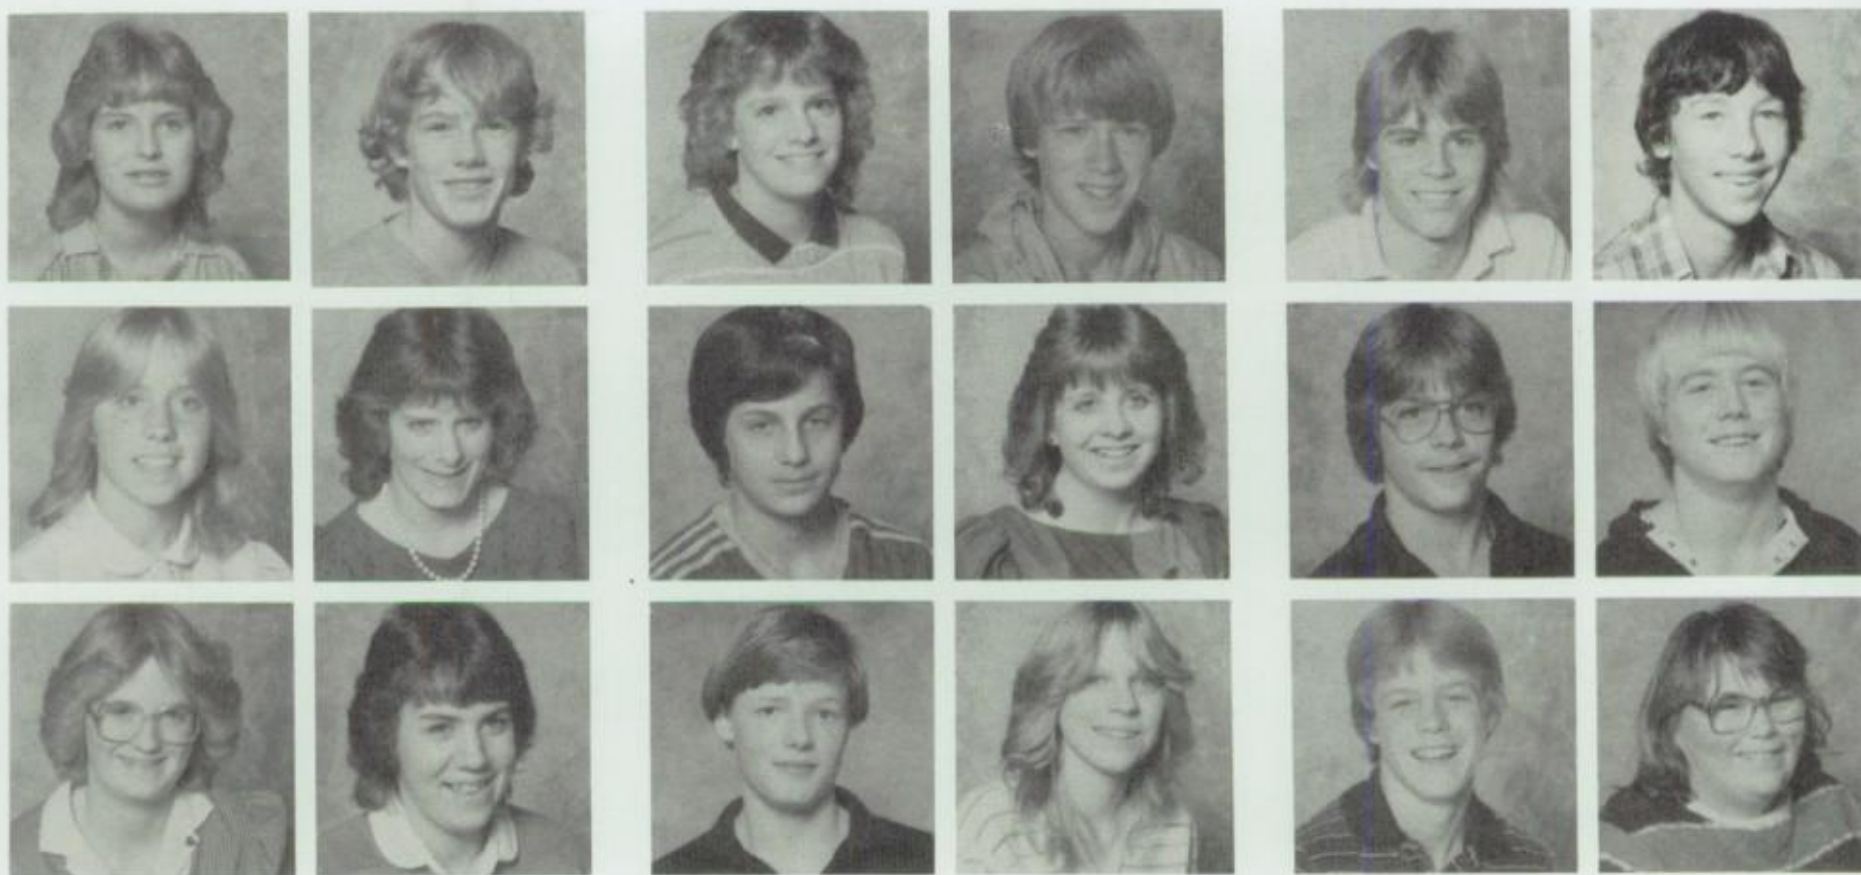

To represent the theme "Sweet Dreams" in the Homecoming Parade, the freshmen float consisted of a big bed with cloud to portray a person asleep dreaming of the football game with goal posts on each end of the float and a small football field behind the bed. The freshmen received 4th place in the competition.

The class changed from the usual candle sale for its main money making project. Instead, in November they sold cheese

and sausage. Besides several types of cheese and sausages, there was also barbecue and other sauces, garlic salt, and variety packs sold.

Sostrom stated, "Our class made a pretty good effort to raise the money needed." The class made \$500 on the sale. They plan to have small money making projects such as car washes and their dance in March to boost the budget along.

With Advisors Gordy Gunderson and Marilyn Topp, the Freshmen Class got a lot accomplished. So, the Class of 1987 had a very successful year with their help.

ART CLUB MOLDS FUTURE

Working as correspondents for this year's Art Club were Sherry Frydenlund and Sherrie Sells. Advisor Ms. Sandy Merriman was in charge of getting the club going.

Once every other month some of the members go down to Kibler during school and

explain to the kids about art. The age level they speak to ranges from kindergarten through 6th grade.

Also taking place this year was the annual invitational exhibit featuring the high schools of South King County and North

Pierce County. Eight students were selected to represent EHS.

Members came into room 401 where they worked on art projects and experimented with new ideas. They spent extra hours after school working on what they liked most, art!

BANDS EXPRESS TALENTS

"This year's group is made up of a large percentage of underclassmen. We lost a large group of leaders with last year's graduation. The band is learning to work hard on their own and doing well. It's a good group," states Mr. Wayne Brown, band director.

The band had many fundraisers including gift wrapping during the 1983 Christmas holidays at Jayhawks, and concessions at football games. They also had a coupon clipping program from Safeway, where people would clip coupons and place them on the item then the person who

purchased then would donate the money they save. The proceeds from these go into their scholarship fund.

The leaders of band, Chris Boesche, Tim McDonnell, Todd Brooks, Kelli Coulter, Donna Faulkner, Sue Odone, and Mike Howe led the team to a successful year.

BIOLOGISTS STIR UP SPIRIT

One of the oldest clubs at EHS, the Biology Seminar, took off to a very busy 20th year with a full schedule and "One of the most active groups yet," according to Advisor Phil Poppleton.

The main purpose of the club is to give members an opportunity to expand their interests in biology and to

give them time to do individual research.

A few of the projects that were done by the seminar were science demonstrations at the elementary schools and two field trips. One of the field trips was to watch people work at the Fred Hutchinson Cancer Research Institute and the other one was to go

out on the Snow Goose Oceanographic Research Vessel. The club also had a recycling drive to raise money.

The club officers were: Ed Baldwin, director; Chris Boesche, assistant director; Lisa Wulff, secretary; Mike Klopfenstein, treasurer; and Nancy Mitten, historian.

CLUB FIRES INTO NEW YEAR

"Boys' Club? What's Boys' Club?" This was a quote from President Chris Bosche. A lot of people were asking the same question as the year began. Boys' Club is having a new start this year.

It's purpose is to have informative assemblies and

involve all the boys in school. They started the year off with an assembly inviting the Tacoma Stars Soccer Team to show some outdoor and indoor soccer skills and the differences between the outdoor and indoor games. It was a great success and everyone

enjoyed it.

Leading the club were: Chris Bosche, president; Eric Flint, vice president; Chad Jensen, secretary; and Rob Pedrini, treasurer. Helping out and watching over the group were Advisors Mr. Mike Mack and Mr. Dan Hennessy.

STAFF CAPTURES RISING STARS

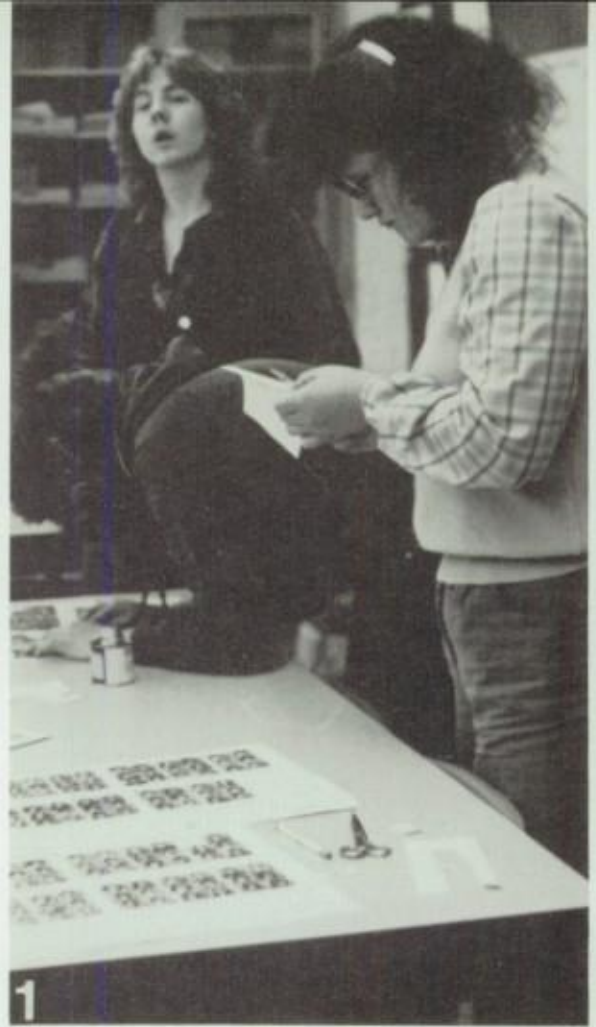

Meeting every day sixth period, the annual staff works together to complete the finished product, The CASCADIAN. They begin working on the pages the second day of school and the finished annual is completed around mid-March with the spring supplement finished about June 10. Dedication is the main requirement of all staff members. They worked before and after school to meet their deadlines.

Each staff member is assigned a page for all six deadlines. For their page they must write a headline, story and captions. They design their own layout, have pictures taken by the staff photographers, and choose the pictures they want on their page. As they receive each item, they rubber cement them all on the page exactly as they will appear in the annual.

Staff photographers take and print all pictures that appear in the book. Typists do all the typing on the new computer, which has helped to make typing easier for them. The staff also prints out their own headlines on a printing machine. Advising the staff and making sure everything is done right, Mr. Walt Snover who spends many dedicated hours proof-reading and checking over everything that is done.

The annual staff worked hard to earn \$6,000 in advertisements from stores and sponsors in the Enumclaw area. This amount pays for about one-third of the total annual cost.

The entire annual is put together by 25 people who spend much of their time working to follow the theme and meet all the deadlines set by the printers located in California.

VOCALISTS MAKE MEMORIES

All of the choirs, under the direction of Mr. Bob Estby, had a busy time during the 1983-84 school year. Along with many recitals held throughout the year, the groups participated in such things as caroling through the community during Christmas time, and having the Swing

Choir perform during the halftime of a Sonics game.

This year there were three choirs at EHS, the Concert Choir, a Girls' Swing Choir, and a male and female Swing Choir.

Acting as officers for the year were: Mark Knight, president; Lance Powers, vice president;

Yvonne Herold, secretary; Clark Newton, treasurer; and Kim Gregg and Jeff Manson, historians.

Highlighting the year was the selection of Yvonne Herold and Michele McGinnis to the All State Choir which performed February 17-20 at Renton High School.

HACKERS ADD EXCITEMENT

Computer Club at Enumclaw High soared through its third year with a new program. During the year, members were given a chance to further their understanding of computers.

Some of the year's activities included a computer match, that took information on students and came up with a list of

those who matched, the club also purchased a game-making program and held a contest to see who in the club could design the best game.

The club started early so that the students who were interested in the new world of computers would have a place to explore their interests, talk with other

computer users, and help promote computer literacy.

Computer Club was guided by Advisor Lyle Becker and the club officers. They were: Graham Malek, president; Jim Hogan, vice president; Todd Smith, secretary /treasurer; Becky Christian, historian; and John Persinger, sergeant at arms.

NEW CLUB CREATES TALENT

This year drafting was added to the long list of clubs at EHS. The new club was started to help expand the members' knowledge of drafting and design techniques.

The requirements were: pay dues to support ex-

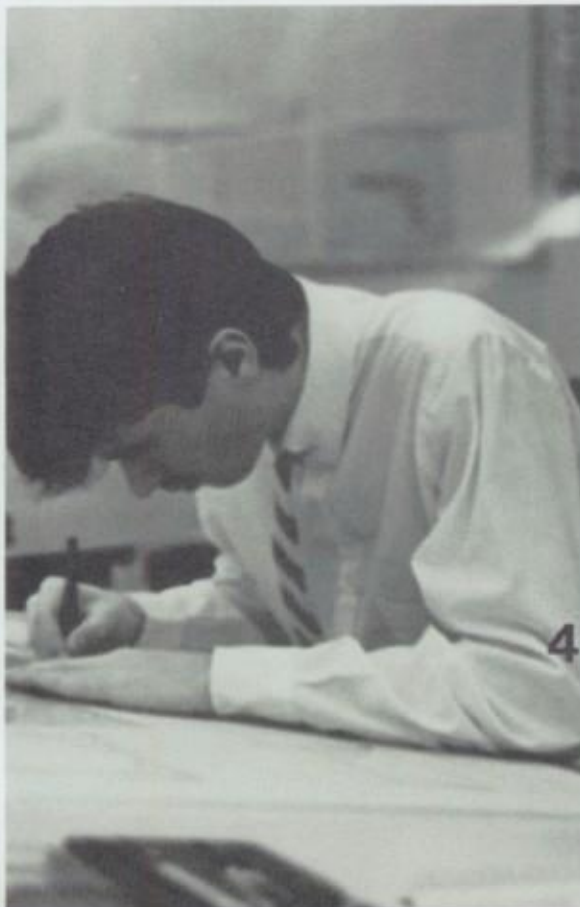

tracurricular activities, and to be an upper classmen enrolled in advanced drafting classes or to be voted in by other member (if you do not meet the requirements).

The club kept busy with two field trips this year.

Advisor Dan Petchnick guided the club through the year with the help of the clubs officers. They were: Tom Bryant, president; Tim Larson, vice president; Steve Crawford, secretary; and Shaun James, treasurer.

THE SPIAN STARS SHINE BRIGHTLY

With two school plays to support each year, the Drama Club is one of the most active clubs in school. They met every other week to take care of business for the thespians.

Enthusiastic leadership for the group came from Jeff Nicholai (president), Kim Hammon (vice pres-

ident), Susan Hollingsworth (secretary), Jenni Nicholson (treasurer), and Mr. Pat Radford (advisor). The major money raising activity was the popular Val-a-Grams sale which took place on Valentines Day.

FBLA MEANS BIG BUSINESS

Future Business Leaders of America (FBLA) is a club that helps students develop competent business leadership and establish occupational goals. Anyone can join, but they should be enrolled in a vocational class, show an interest, and pay state and national dues.

Along with advisor Paul Mitten, the officers Kim

Hammon, Karen Moore, Sheila Gerlach, Shawn Duchateau, Vonnie Elison, and Nancy Caviezel, led the club of 19 members through many activities. They met about two times a month.

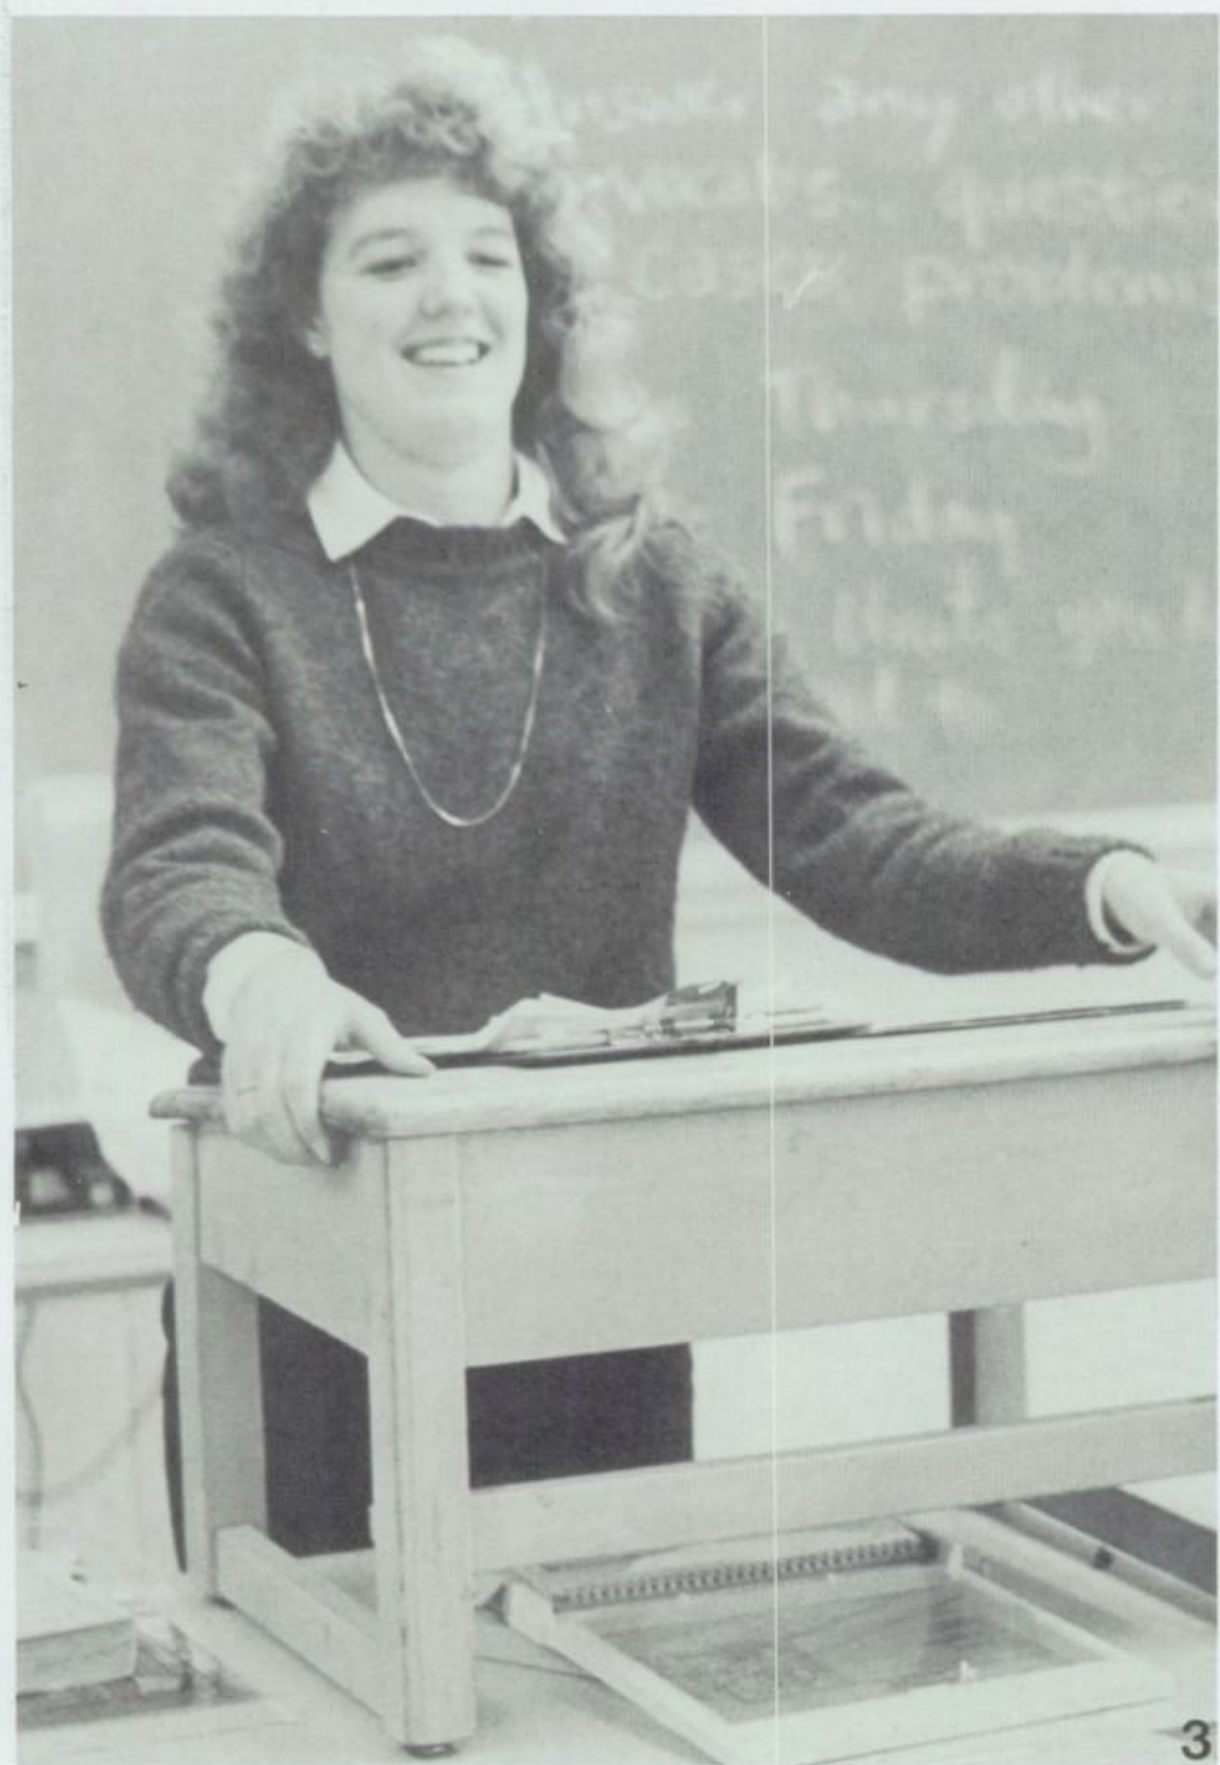

They attended a conference in October which had workshops with speakers on goal setting and money management. Installation took place in November at

Kent-Meridian High School. Field trips were taken to schools of business and colleges and they also planned and carried out an "after Christmas party."

As money makers they sold hot sandwiches at home football games and started a hard ice cream business in the cafeteria.

It was definitely a premiere year for the club.

FFA IS GROWING FOR AMERICANS

Future Farmers of America (FFA), led by Advisors Gary Parkert and Craig Nelson, started with another great year at the Puyallup Fair. They had a forestry display and showed and judged animals.

In November FFA sent Senior Karen Moore and Junior Mary Fagerquist to the National FFA Convention in Kansas City, Missouri, where they were successful in bringing back the

National Chapter Award. They are very proud.

In the annual Greenhand Ceremony the FFA initiated nearly 80 new members.

This year's officers are: Mike Hrisko, president; Karen Moore, vice president; Bryan VanBeek, treasurer; Rich Boerner, secretary; and Jay Schmidt, historian.

FFA was also busy with the Baby Animal Fair and the Junior Livestock Show.

GIRLS CRUISE THROUGH YEAR

This year's Girl's Club put together a busy and exciting year. The club started off with a helpful meeting on teenage suicide. Then, they had the annual slave sale in February. Also in February, they

hosted the Father-Daughter Banquet. Following these activities, the officers worked hard to put Tolo and Senior Tea together. On top of all these activities, the officers helped select girl of the month.

ACHIEVERS GAIN HONOR

To those maintaining a 3.2 grade point average and also showing leadership, scholarship, and service, Honor Society is a group widely chosen to join at EHS. Led by President Andrea Bernadelli and Advisor Tom Morrison, the club has had a variety of activities.

At the beginning of the year, fall induction was

held admitting four new members. They then put on the Homecoming Tea which turned out to be great.

For the fall play, "The Matchmaker," Honor Society held a Double-Dime-a-Dip Dinner before the event and had another one for the spring play.

One of the community projects they participated in was the decorating of

the nursing home during the Christmas season. Also during the holidays was a Christmas party held at Tim McDonnell's house.

Besides Bernadelli, helping in the leadership of the club are: Jackie Carlson, vice-president; Karen Stolz, secretary; Jill Franklin, treasurer; and Mary Fagerquist, historian.

STAFF STRIVES FOR EXCELLENCE

Keeping up with the the times of EHS was a young energetic HORNET staff under the guidance of Advisor Walt Snover. Due to the purchase of a computer and letter quality printer by the journalism department this year, time for production was greatly reduced and the stories are now stored permanently each issue on a disc.

This year's small staff was able to learn from early mistakes and use them to their advantage later on. Editor-in-Chief Rob Pedrini commented on the

year by saying, "This is a class where you put in many hours a week to produce an item (THE HORNET), but you are capable of seeing the outcome of your work, like no other class provides."

Besides Pedrini, editors included: Andrea Johnson, managing editor; Bill Anderson, business manager; Heather McNab, student life editor; Greg Bland, sports editor; Barb Opland, news editor; Katie Logerstedt, head photographer; and Jennifer Dodson, head typist. It was definitely a year of changes.

CLUB BRINGS WORLD CLOSER

International Club has again had an outstanding year, planning and participating in many group activities.

With officers Krissy Huffman (president), Sherrie Hazlett (vice president), David Paul (treasurer), and Kristen Belcher (secretary), they kept the members informed and busy.

Their first event of the year was an Octoberfest and a welcoming party for the exchange students and new members of the club. This gave everyone a chance to become better acquainted and learn new customs.

There was also a Christmas party in which the exchange students told of some of their Christmas

traditions and some skits were preformed.

The advisors for this year's club were Miss MaryAnn Whalen, Mrs. Philo Bell and Mrs. Carol Brehm. With advisors, officers and members working together, they made the International Club a success. It was a busy year for this enthusiastic club.

CLUB HOLDS KEY TO UNLOCK DOOR

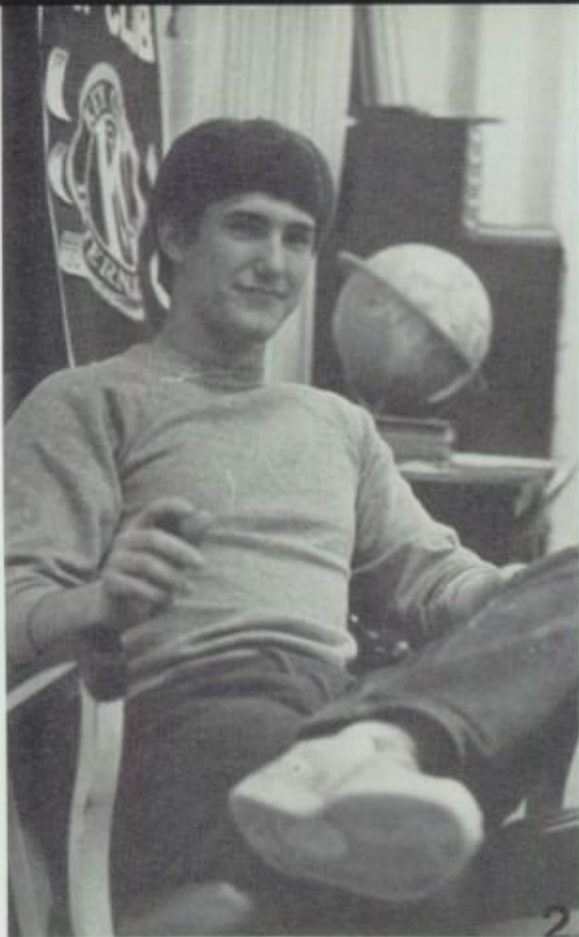

This year the Key Club has again been keeping itself busy. Starting off the year with the open house, the members were there to show lost parents to their classes and to serve refreshments afterwards.

Another event the club participated in, with the

help of Advisor Ronald May, was a fund raiser against White River High School, for cancer research at the hospital.

PEP KEEPS THINGS ALIVE

Pep Club this year has made itself successful with Advisor Marilyn Topp helping to get it together.

With the members and the cheerleaders working alongside, the club often made signs for the walls and the windows rooting the ath-

letes to victory.

The club had booklets printed with the cheers in them. These were then passed out to the club members and anyone who wanted one so they could learn the cheers. The cheerleaders helped teach

the cheers, so the stands during the games rocked with the sound of the huge crowds shouting in unison, "We got Spirit, so lets here it!"

The club kept everyone supplied with hotdogs, pop and goodies at the games.

1. Keeping her eye on everything is advisor Marilyn Topp.

2. Making posters and coloring them are just a few of the jobs done by Pep Club members, including Sophomore Stacey Smith.

3. Rhonda Adelman gets a poster ready for one of the many walls to be decorated.

SERVICES LEND ASSISTING HAND

Social Service had a busy year. First of all, they started off by spending long hours working on the decorations for Homecoming Coronation and then the club sold food at almost all the yearly games. Along with serving at the

various athletic award ceremonies, the group was truly service oriented.

The club's president, Nancy Caviezal, worked hard to keep the club busy as the group "worked" its way through the school year at EHS.

VICA FLAMES IN PROMISING YEAR

VICA'S (Vocational Industrial Clubs of America) main goal this year was to continue EHS' domination at the high school drags. VICA meets about every two weeks and frequently has guest speakers. Although the club got off to a slow

start with its first "real" organizational meeting in February, they still managed to put on the traditional car show, along with many other activities.

ATHLETES' ABILITIES SHINE

When someone earns a letter for a sport it is a privilege. Varsity Club therefore is a privilege which many often strive to achieve.

Varsity Club earns money by selling programs at sports activities, and sel-

ling concessions at football games. The proceeds from these earnings go to the plaques in the gym, remodeling the trophy case, and a special item this year, the purchase of a video camera to film the different sports activi-

ties around the Enumclaw campus.

Leading the club this year are Becky English, president; Kristen Rogers, vice president; Janae Fox, secretary; Janet Guidetti, treasurer; and Mr. Gary Radliff; advisor.

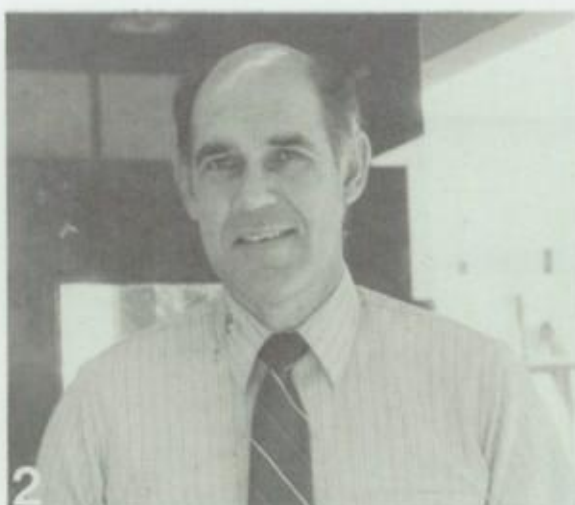

1. Representing each sport for Varsity Club are: (first row) Keith Ross (boys' soccer), (second row) Mark Knight (boys' swimming), Rich Wakefield (boys' track), Lance Powers (football), Kevin Knutson (boys' basketball), Tom Bergstrom (baseball), (back row) Wendy Pitzel (softball), Diane Logar, (volleyball), Kim Gregg (girls' soccer), Leslie Weyer (tennis), Sue Gustafson (girls' basketball), Tiare Houk (girls' swimming), Pete Erickson (golf), Dan Morris (boys' cross-country), Mike Hrisco (wrestling) and Debbie Coogan (girls' cross-country).

BUILDERS PRODUCE GOALS

Carpentry class has been made into a new club on the EHS campus this year. Made up of Mr. Mike Mack's 2nd period woodshop class, the organization makes items needed by the school and various organizations in the community.

The club has no set officers, instead four members share the role of president. They include Chuck Eaton, Steve Hazlett, Jeff Skagen, and Rob Collier.

With Mr. Mack's guidance as advisor, the class

undertook many projects throughout the year. Some of these included building a trophy case, toys for Rainier School during Christmas time, cabinets for the special ed rooms, and building sheds for several families.

An important part of the school is the student government. These students represent the entire student body and are the leaders in the school.

OUR SPIRIT WILL TAKE YOU HIGH

"I thought it was one of the most fun and original spirit weeks ever. It seemed like everyone had a really positive attitude about it," exclaimed Inter-High Rep Yvonne Herold, concerning the week of January 16-20 at EHS.

Whatever your pleasure, you could find a day for your personality. Monday was Hawaiian Day and music by the Beach Boys could be heard during passing time. Students could become their favorite actor or actress on Tuesday, Movie Star Day.

Mobs and gangsters ruled the school on Wednesday, and Thursday was the day for the Greeks who braved

the cold to wear togas. The final and most well received day was Friday, Logger's Day. During lunch loggers competed fiercely over a timed obstacle course.

A "surprise" guest for Friday's pep assembly was the locally famous "King-dome Bill." He presented the school with a very positive attitude towards school spirit.

The finale of Spirit Week was the victorious varsity boys' basketball team's win over Liberty, 56-47. Following the game was a dance sponsored by the Senior Class, featuring the "Genetics."

FALL PLAYERS DAZZLE ON STAGE

Held November 16, 17, and 19, "The Matchmaker," lit up the high school auditorium.

The famous musical, "Hello Dolly," was written from this play. Set in the 1800's this play centered around the activities of showy, know-it-all matchmaker named Dolly Levi. Dolly is dead set on marrying her employer Horace Vandergelder, a grumpy, rich, merchant from Yonkers, New York.

As Dolly involves herself with various young people,

Horace's pretty niece, Ermengarde, her lover Ambrose Kemper, and two of Horace's menial clerks, Cornelius Hackl and Barnaby Jones, things become nice and confusing.

Behind the scenes help came from Lehona Garrison, Kelly McGreen, and Rob Smith (stage hands), Wendy Manowski, Angie Weibenga (lights) and Darci Olson (stage manager).

The sophomore/frosh team had another impressive year, winning all but one match, and capturing the league title. The team showed strong potential for the future.

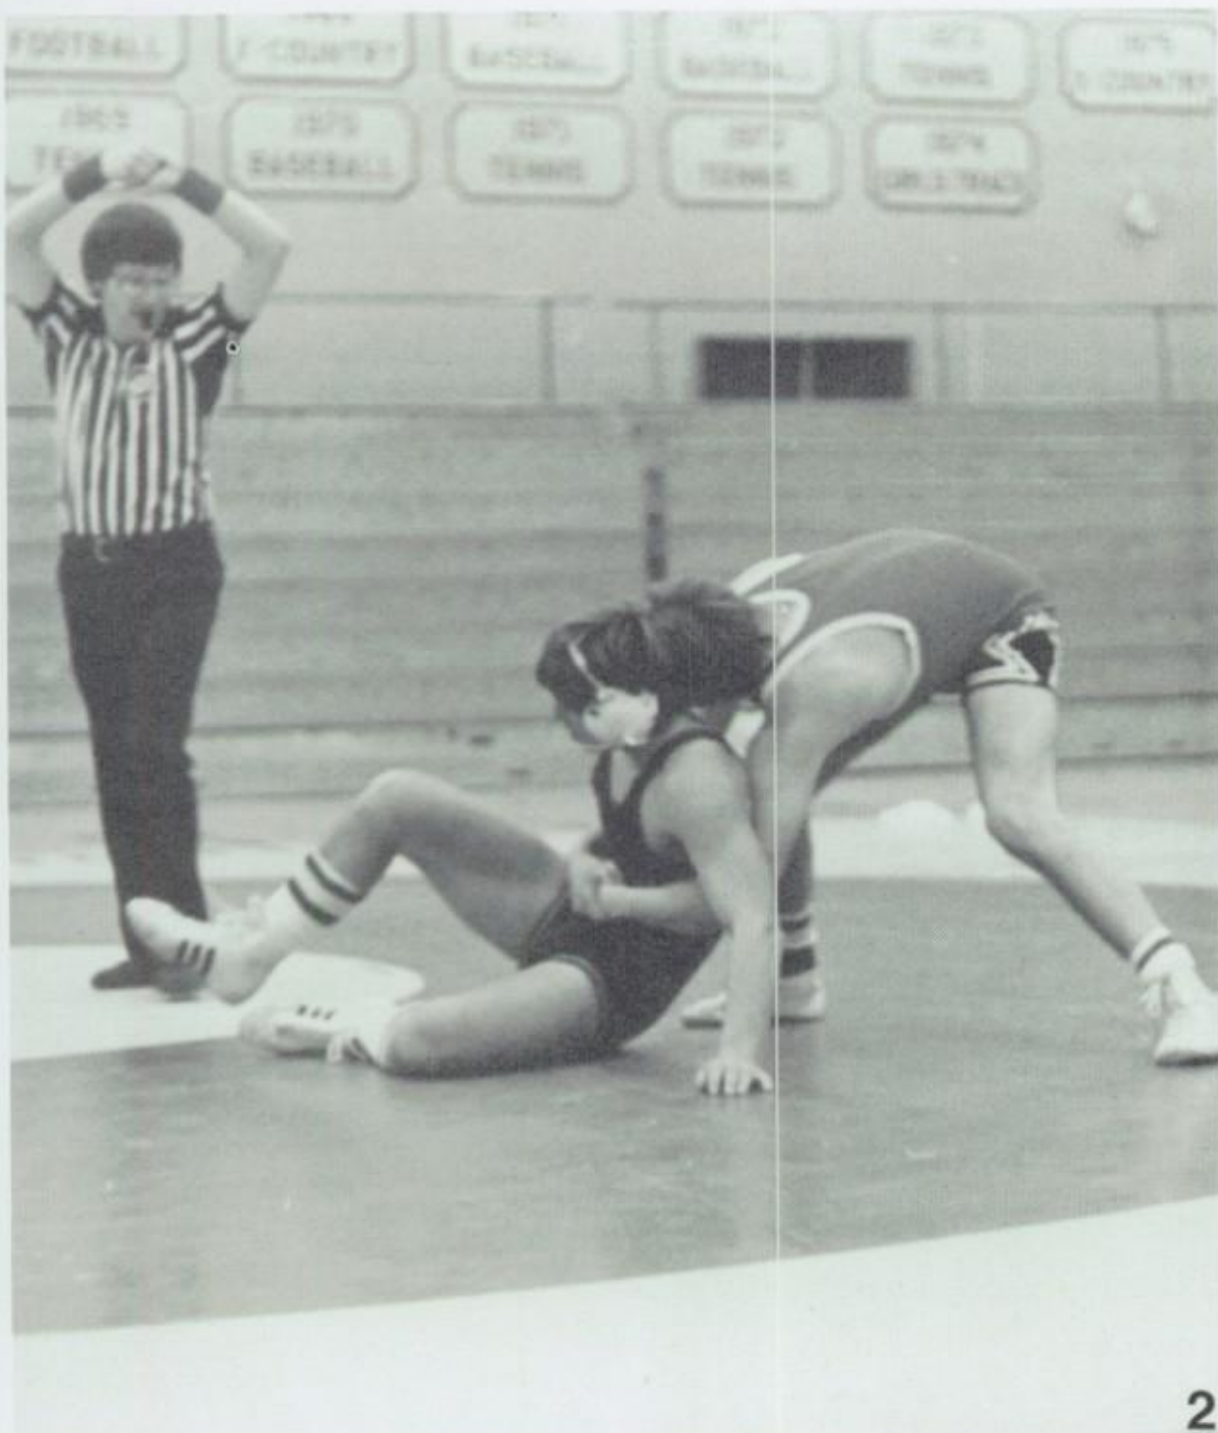

Coach Mike Mack stated, "This was a very satisfying season and it showed in the end with a 7-1 record. With the potential wrestlers I worked with, the next three year's should be very good ones for the Enumclaw wrestling team."

undefeated, showing that they could do it even though they are a young team. The Hornet squad proved to be consistent and aggressive in dual matches all year long.

"I thought we had a successful season," stated Coach Sue Fallen, when summing up the season for the girls' junior varsity team. Successful season is right, as the youngsters battled to a fine record of 10-5 on the year.

This year's team was made

up of all sophomores and juniors. It was one of the smallest junior varsity teams ever at Enumclaw.

"This was the best girls' cross-country team I've ever coached because we had so much depth," stated Head Coach Frank Lancaster. "We didn't just have one good runner, but all of them challenged each other."

tude that stayed throughout the whole season.

The high point of the year came when the team captured the top place at the Seamount League Meet. Their 1st place finish qualified the Hornets to advance to the district meet. Because they finished 4th at district, they

LIGHTS DIM. . . CURTAIN CLOSES

As the film rolls to an end, we rewind, and replay the most memorable events.

Coach Ron Miller, again, led our mighty football team to the playoffs and league championship and Coach Bonnie Basse (Snover) spearheaded her varsity volleyball team to the playoffs, earning 7th in state. Running to the league championship, our cross country team earned a top distinction.

Visiting our high school during a pep assembly, Bill "the Beerman" Scott added an extra sense of enthusiasum. School pride shined over our student body as litter control became an object of reward for keeping our campus clean. Construction of the new junior high was finished and the students and faculty moved in April.

Many major world events effected us closely. The Marines were pulled out of Lebanon after some trouble and over 240 fatalities. The Winter Olympics in Sarajevo offered local heroes with Rosalynn Sumner's silver medal in ice skating and the Yakima Mahre brothers achieved success, as Phil earned a gold and Steve earned the silver in skiing. Debbie Armstrong also struck gold in the slalom.

Senator Henry Jackson died, beginning the controversy over the proposed name change of Sea-Tac Airport. Putting Enumclaw on the map, the most

devastating event was the Christmas storm, where hurricane winds and below freezing temperatures ruined many peoples' Christmas. It was a good thing that the "Cabbage Patch" dolls were here to help out!

Editors and staff worked extra hard to provide what you wanted in your yearbook. Co-directing the staff and basic yearbook design and layout were the main jobs of the editors. Besides doing their special job as an editor, each also had to work on their own pages.

LESLI COOK was the managing editor with the special task of running to the Courier-Herald while Business Manager MAUREEN BERNADELLI worked on our financial status and Organizations Editor MARY FAGERQUIST kept up on club and organization activities. Covering all the sports action was NANCY MITTEN, our sports editor. Proving that two people can work together and still be friends, ANDREA BERNADELLI and JULIE JAMES did all Senior Class activities. Thank you, editors for your time and effort you gave to our annual.

Working underneath the editors was our invaluable staff: MARTI SLEIGH, CYNTHIA SKAGEN, JOHN CONLON, THERESA PREDMORE, MARY NOEL, PETE ERICKSON, DANNA GATTI, ROB MULLEN, KELLI MOERGELI, ANGIE HEIGAARD, CHRIS HENDRICKSON, and TI-ARE HOUK.

Taking and printing all photo's are our staff photographers, whose overtime in the darkroom led to our making the deadlines. Photographers included JOANN GITTler (head photographer), LEONA CAMMON, JENNY DUMBACH, KAREN STOLZ, ANDREA JOHNSON, KRISTIN BELCHER, and KATIE LOGERSTEDT.

Learning to use our new computer were our staff typists: RHONDA ADLEMAN, JENNIFER DODSON, ANGIE EATON, LEANN EVANS, VICKI JOHNSON, ROBIN LAPINSKI, GERI MCGURRAN, and SHERREN MOODY.

The most important "thank you" goes to our patient advisor, WALT SNOVER, who spent many hours working with us to meet our deadlines. Without you we would of never made it.

A special thank you goes to PERLER STUDIO for my rise in "Tylenol consumption," our American Yearbook Representative KEN WERNER for all his ideas and encouragement, and COURIER-HERALD for helping us in meeting our deadlines.

Many people put forth their free time into making your annual what it is. It's often not realized the extra hours spent working to make the final product. They work under deadline pressure to make every deadline, so you get your yearbook on time. For all of our work, we hope you appreciate your 1984 EHS CASCADIAN and remember this year at EHS as fondly as we do.

Sincerely,

Janelle Kovash
